

TASHBEEK

DMV Community Connect

Using Tashbeek

Directory terms for community members and visitors

A Curated Community Directory

Tashbeek DMV Community Connect is a curated directory that helps our community discover businesses, professionals, services, and events across the DMV area.

Unlike a general search engine, businesses and events don't automatically appear on Tashbeek. Every listing is submitted and reviewed before it's approved for publication, so we can feature businesses and organizations that are a good fit for our community.

Choosing a Business

While Tashbeek carefully reviews listings, every business is independently owned and operated. Use your own judgment and do your own research before purchasing, hiring, attending an event, or entering into an agreement with a listed business.

When appropriate, we encourage you to check things like:

- Licenses and certifications
- Insurance
- Pricing
- Qualifications
- Reviews or references
- Terms of service

A Tashbeek listing means a business has been selected for our curated directory — it does not guarantee the outcome of any specific transaction.

Transactions & Disputes

Tashbeek and IntegRiva Consulting, LLC are not a party to transactions between consumers and listed businesses or event organizers. Payments, contracts, services, products, refunds,

cancellations, appointments, event participation, and disputes are handled directly between you and the business or organizer.

To the extent permitted by law, Tashbeek and IntegRiva are not responsible for losses, damages, injuries, disputes, or dissatisfaction resulting from your decision to use a listed business, service, or event.

Help Us Maintain a Trusted Directory

Community trust matters to Tashbeek. If you have a serious concern about a listed business, or believe a listing is inaccurate, please let us know. We review credible concerns and may update, suspend, or remove a listing as a result.

Privacy

Tashbeek respects your privacy and does not sell personal information. Information submitted to Tashbeek is used to operate and improve the directory, communicate with applicants and users, process applications or payments when applicable, and keep the platform secure.

Personal applicant information that isn't intended for publication will not appear publicly on the directory.

Agreement

By using the Tashbeek directory, you acknowledge these terms and understand that your decision to contact, hire, purchase from, or attend an event offered by a listed business is made at your own discretion.
